

## Omnibus Courses and Transcript Information

March 8, 2010

The term “Omnibus” is not a commonly used curricular term. The chart below is the recommendation of Veritas Press for labeling and providing course credit on a transcript. The course titles used below will insure speaking a common language with colleges and others concerned about a student’s academic record. Students covering both Primary and Secondary books in one year should be give three credits as indicated below. If only Primary *or* Secondary books are covered we recommend only one credit as indicated.
